# What is the Cause of the Middle East Conflict?

1948, 1956, 1967, 1973, 1982, 2000 2024

A crocodile and a scorpion are shown on a log floating in blue water. The crocodile is on the right, and the scorpion is on the left. The text is overlaid in the center.

**“There is none,

**“The first thing to die in a war is the truth.”**

# **People are the Same Everywhere**

**“When it comes to the desire for liberty and justice, there is no clash of civilizations. People everywhere are capable of freedom and worthy of freedom. The desire for freedom resides in every human heart.”**

**President George W. Bush, Speech at the United Nations (2004)**

The background is a collage of military and urban scenes. At the top, the word "WAR" is written in large, metallic, 3D block letters. Below it, there are images of soldiers in military vehicles, a city street with a tank, and a soldier in a yellow vest. The entire image has a wavy, distorted border.

## No Desire in the Hearts of the Arabs of Palestine

**“This Mufti incited massacres of Palestinian Jews in the 1920 Nebi Musa riots (8 killed), the Jaffa riots of 1921 (47 killed) and in 1929, riots across Palestine (133 killed), the most horrific of which was in Hebron (67 killed). [Therefore], for the past 100 years, the Arabs of Palestine have committed massacres and murder of Jews in the Holy Land without ever offering an olive branch of peace.”**

# **Why Don't We Get It?**

**Those in the Middle East do not think like those in the West. Islam does not differentiate between government and religion. Their religious construct is a theocracy and every Muslim is opposed to the concept of democracy. They may live within a democracy, but they live to overthrow it whenever possible. They exist for the clash of civilizations; the goal of conquering and subjecting every other civilization to Islam. There are no such concepts as “peace” and “justice” in the social sense, but only what the Qur'an has declared to be just or unjust and this does not apply to the treatment of non-Muslims. “Peace” will only exist when Islam has subdued the world. Muslims oppose the concept of “freedom” and do not think in terms of “humanity” but in terms of what makes for Islamic unity under the governance of Shari'ah Law, which does not regard individual rights or personal liberty (like the U.S. Constitution). Muslims do not value life here but consider their citizen's lives, as their enemies' lives, expendable for the sake of achieving the glory of martyrdom.**

At the end of the interview, the pleased moderator said: "No [parents] could wish for Allah to give them a more believing girl than she... May Allah bless her, her father and mother. # Which Statement is True About Gaza?

**We all have the same priorities, we can negotiate with anyone and everyone. Everyone is reasonable. Everyone wants the same thing, even if circumstances get a little out of hand from time to time. **6. “Moral equivalency is misunderstood.”** HAMAS’ actions are said to be reinforcing a shared pathology: “people treated like animals acts like animals.” Therefore, this is a rage of resistance is the consequence of Israel’s 75 years of “ethnic cleansing.” However, proportionality, motive and method (as well as history) must be the measure. Muslims think in terms of religious duty to murder and massacre as prescribed by the Qur’an. HAMAS and its sponsors use any means to annihilate Israel and all *Kufa* (unbelievers/non-Muslims), whether soldier or civilian, whether young or old. Any wounded are tortured, violated and/or dismembered. Israel follows a measured response, avoiding as much as possible harming civilians. They provide medical services to the wounded enemy as they do to their own soldiers. HAMAS used its 36 hospitals for terrorism and weapons storage, used its civilians as human shields, placed their military installations beneath homes, mosques and schools in order to multiply civilian casualties and provoke international sympathy and opposition to Israel. Israel uses bombs to shield its people. HAMAS uses people to shield their bombs. No possible “moral equivalency” here.

**Wahhabism** is a radical sect of Islam founded by the 18<sup>th</sup> century Arabian nationalist reformer, Muhammad ibn Abdul Wahhab. Wahhab sought to reverse the century-old decline of the Muslim empire by removing the cultural pollution of Western influence and returning Islam to a past golden age where the Qur'an was interpreted literally and Islamic law was fundamentally practiced and strictly enforced. As a literal interpretation of the Qur'an, Hadith, and Sunna, Wahhabi theology promotes offensive jihad and promises heavenly reward in Paradise with celestial maidens for jihadic martyrs. In 1744, Muhammad ibn Saud, the local ruler of Dariya, a town north of Riyadh, embraced Wahhab's teachings and the two swore an oath of allegiance to spread this purified faith throughout Arabia. In pure form, **Wahhabism is a death cult** which has spearheaded the violent revolutionary overthrow of Islamic countries such as Afghanistan whose local government was replaced with radical Taliban rule under Shariah (fundamentalist Islamic) law.

Mahmoud Abbas  
President of PNA

## **Facts about Mahmoud Abbas**

1. Mahmoud Abbas was a co-founder with Yasser Arafat of the PLO faction Fatah which has claimed responsibility for many of the suicide bombings and terrorist attacks.
2. Mahmoud Abbas supported and wrote the paychecks for the Palestinian terrorists who murdered the 11 Israeli athletes at the Munich Olympics.
3. Mahmoud Abbas earned his doctorate from the University of Moscow for a dissertation arguing that the Holocaust was an invention of the Jews to gain international sympathy for the creation of the Jewish State.
4. Mahmoud Abbas campaigned alongside Islamic Jihad and Hamas terrorists, calling them heroes and Israel the "Zionist enemy."

**The PNA never abolished the notorious PLO Covenant calling for the liquidation of the State of Israel. The fact that this document, including its message that the Jewish State of Israel is destined to perish, is still valid signifies both the unwillingness and the inability of the PNA/PLO leadership to change its attitude towards Israel. A peace treaty between two rival parties must include a specific article in which the parties declare "an end to all mutual claims"—but the PNA/PLO cannot and will not sign such a document. For them, the goal is still the establishment of a Palestinian State stretching "from the River to the Sea", with the sole purpose of eliminating the Jewish state.**

ISRAEL – While political experts worldwide pontificate on the war in Gaza, most have overlooked Hamas' explicitly stated reason for its Oct. 7 attacks on Israel, revealed on Day 100 of the war.

Incredibly, according to the terror group's military spokesman, it has to do with attempting to prevent the "ceremony of the Red Heifer" – a mysterious event of great meaning to both Jews and Christians.

*Their source is a report on government funding a project to raise a red heifer, whose ashes, according to Torah law, can purify Jews so they can bring sacrifices again.*

*By Batya Jerenberg, World Israel News*

Arabs are up in arms over a supposed Israeli government plan to destroy the Al-Aqsa Mosque by rebuilding the Third Temple in its place in Jerusalem, following a Saturday report on *Channel 12* that several ministries are funding efforts to raise a red heifer, which is considered a prerequisite for the coming of the Messiah.

Palestinian officials and commentators in Arab media from *Al Jazeera* to Jordanian news sites and Gazan TV wholly accepted the report, which centered on the supposed danger of the right-wing-religious coalition turning Israel into a *halachic* (run by Torah law) state.

The Channel 12 report said that “millions of shekels are transferred to organizations that promote the issue.” It listed several ministries that have helped in “the frantic search” for a red heifer, including the Agriculture Ministry that granted the exemption for last year’s import of the live animals. The Religious Services, Education, and Jerusalem Affairs and Heritage ministries “are also in the picture,” according to the report.

The red heifer project is under the auspices of the Temple Institute, which has constructed many of the implements that would be needed for the Third Temple according to the Bible’s instructions, including its solid-gold Menorah and the priestly garments. The national-religious organization believes that everything that can be done ahead of time, should be done. It has never promoted the idea that existing structures on the Temple Mount should be destroyed.

# The Stage is Set for the Endtime War Against Israel

Israel is now experiencing the most critical stage in the process of redemption since its founding in 1948. This will lead to the end-time climax of the redemption process: The building of the Temple of G-d on the Temple Mount in Jerusalem and the coming of Mashiach ben David, the end-time Messenger of God.

*father's house, to a land that I will show you; And I will make of you a great nation, and I will bless you, and make your name great; and you shall be a blessing; And I will bless those who bless you, and curse him who curses you; and in you shall all families of the earth be blessed. ## Hamas: Red Heifers Provoked October 7

Abu Obeida, military spokesman for Hamas, began his televised speech marking 100 days since the October 7 attack by listing the motives for the October 7 massacre and said that the aggression against “our path and Al-Aqsa” reached its peak with the “bringing of red cows.” To much of the world, such a statement sounds strange, but to a Messianic believer, the charge is loaded with Messianic implications. The “bringing of red cows” referred to the 2022 arrival of five red heifers to the Temple Institute.

The step toward performing the arcane red heifer ceremony doesn’t just imply a return to the Holy Temple service; it points to the nearness of Messiah and the ultimate redemption of Israel. From the belief that Messiah himself will prepare the tenth red heifer to the ceremony’s hinting at the resurrection of the dead, it’s no surprise that the current turmoil in the Holy Land can be traced to the preparation of the red heifer.

# **The Tenth Red Heifer and the Messiah**

## **According to the Temple Institute**

The Mishna teaches that up until the destruction of the Second Temple, ashes had been prepared from a total of only nine red heifers. The very first red heifer was processed by Moshe, the second by the prophet Ezra in the days of the First Temple, and seven more heifers during the entire era of the Second Temple. This was enough to provide for the nation's needs for purification throughout all those years.

In recounting this historical record in his commentary to the *Mishna*, Maimonides ends with his statement: *"... and the tenth red heifer will be accomplished by the king, the Messiah; may he be revealed speedily, Amen, May it be G-d's will."*

With this statement, Maimonides recounts an ancient tradition that the tenth red heifer is associated with the Messianic era. Does this perhaps mean that the appearance of a red heifer in these waning end times is an indication, a forerunner of the appearance of the Messiah himself, who will officiate at its preparation?

If there has been no red heifer for the past 2,000 years, perhaps it is because the time was not right; Israel was far from being ready. But now... what could it mean for the times we live in, to have the means for purification so close at hand? If there are now red heifers... is ours the era that will need them?

What weighs 400 pounds, is necessary for the coming of the Third Temple, hasn't been seen in 2,000 years, and is completely red?

If you guessed "[para aduma](#)," or the red heifer, give yourself a hand. And keep your eyes on Israel's Negev desert. That's because by this time next year, if a team of rabbis, activists, and a dairy farmer have their way, you may find there a candidate—or even more than one—qualified to perform a key function in the greatly yearned-for third Jewish Temple in Jerusalem.

The delivery of five red heifers to Israel has sparked a worldwide debate about its significance in biblical prophecy, particularly among Christians who believe a third temple will be built during the End Times.

The five heifers arrived in Israel from Texas last week after being approved by Jewish rabbis as red in color and unblemished – two requirements in the Mosaic law for sacrifice according to [Numbers 19](#).

## **WAR FOR THE TEMPLE MOUNT!**

Many of our IDF soldiers in Gaza and in the north are sporting patches on their uniforms depicting the Holy Temple, expressing a clear statement of what this war is really about. Hamas made it clear from the start when they named their barbaric attack on Israeli citizens, men, women and children, "the al Aqsa flood," al Aqsa being the jihadist nomenclature for the Temple Mount. Yes, Iranian backed Hamas, as well as Iran's other terror proxies are waging war against Israel, against Jerusalem, against the Holy Temple and all that the Holy Temple stands for: peace, brotherhood, prayer and love for HaShem's world. Israel's fight is a fight for the future of the entire world and the Holy Temple represents the potential for good in the world. The IDF soldiers who are wearing the Temple patch know exactly what they are fighting for and why: 'A house of prayer for all nations!' (Isaiah 56:7)
